

# Haiti Mission Trip – Sept. 25-Oct. 2, 2021

# Introduction

I had the great privilege of going on a Chiropractic Mission trip to Haiti from September 25 – October 2, 2021. I went in the capacity of a chiropractic intern, a professional counselor, and a clergy. This was indeed a unique opportunity to combine the various giftings in my life to serve others. We were 23 on the team. I was part of the pastoral team made up of I and Pst. Tim Dalton who is the Pastor at First Baptist Church in New York. He is also Dr. Morgan's Pastor.

# Haiti

The people of Haiti are just like me, although we belong to different Continents. They kept on assuming I am from Haiti, we are so alike, yet different, what a wonder.

# Crossing The<sup>20XX</sup> Haiti-DR Bridge

This bridge separates Haiti from The Dominican Republic and it is called the Bridge of Massacre. We crossed it everyday and I had the privilege of praying at the "gate" of Haiti.

# Summary

Going to Haiti was the right move at the right time. It helped to solidify my next steps as I conclude my 2<sup>nd</sup> doctorate training in Chiropractic. It fuels the vision of empowering communities to take up the task of rebuilding, trusting that God has within each community what is needed. Our role is to provide the foothold for them to take a leap being led by the Spirit of God. The broken-down walls of Jerusalem had to be built by the Israelites, but it would not have been possible without help from Persian kings Cyrus and Darius. I invite you to meditate over this information as you ask the **Father** what else can I do.
