***No one has ever become
poor by giving – Anne Frank***

The Educator in partnership with Pro-Health International (coordinated by Dr. Iko Ibanga), the Presidential Committee on North-East Initiative (PCNI), and a team of Doctors and Surgeons from the West African College of Surgeons took part in a one week medical mission and humanitarian intervention in Maiduguri, the North-East region of Nigeria.

The mission provided care, support and general health education for victims of Boko haram insurgency and the public, reaching out to men, women, and children.

Dr. Eniabitobi Kuyinu, the Executive Director of the Educator coordinated the Mental Health Counseling and Health Promotion units of the project.

SUMMARY OF NEEDS

There is no exercise better for the heart than reaching down and lifting people up – John Holmes

- a. Training of Individuals in the IDP Camps, and local communities as Mental Health Facilitators (MHF) to mitigate against the impact of the trauma resulting from the Boko Haram insurgency and displacement.
- b. Provision of recreational materials for children and young adults to engage them mentally, socially, physically and emotionally.
- c. Production and distribution of nutritional supplements (Tom-brown), to boost the healthy development of malnourished children.
- d. Provision of entrepreneurial training and equipment's for women widowed by the Boko Haram insurgency.
